SCH-3300 X 2	Dia-830	3300	2	20	360	5-25	4850 X 2900 X 1700	8720

VACCUM IRONING TABLES

VACCUM IRONING TABLE

ELECTRICAL STEAM BOILER

SPOTING TABLES

SPOTING TABLE

TROLLEY

AIR OPERATED PRESSES

COLLAR & CUFF PRESS

PANT PRESS

OIL FIRED BOILER

SHELL TYPE
Capacity : 75, 100 & 150 Kgs

COIL TYPE
Capacity : 200, 400,
600 & 800 Kgs

A Word About Us

Through an extended range of products connected to a strong know how Star Whites has taken advantage of this market tendency, through which they can be considered as a one of the trend setters as manufactures of Industrial Laundry Equipments.

Since the beginning of our activities, our philosophy has been to make available to our clients and contacts the know how and experience of our technicians in order to achieve the best performance through the correct installation and operation of our Laundry Equipment.

Through the years our experience in Laundry Equipment installation has gradually extended to the various phases of the Laundry industrial process, enabling us to participate in the realization of complete plants.

Today our engineering team can supply turnkey projects of industrial laundry plants of any size, covering both the power, water etc. Supply lines as the installation of the specific laundry machinery both in the washing and in the finishing processes.

Our technical team can supply the qualified and experienced work force for the actual installation, starting, personnel training etc. Our Company is the ideal partner for the planning and construction of Laundry plants both for commercial operation as well as in hospital and hotels.

The following are the services offered by our engineering team for the planning and construction of complete Laundry plants.

- Preliminary study.
- Technical & Economical analysis.
- Basic planning.
- Executive project.
- Machinery supply.
- Installation.
- Construction overseeing.
- Functional tests and starting of plant operation.
- Personnel training.
- Technical advise.
